MEMORANDUM FOR: CIA Records Administration Officer

SUBJECT : Proposed Storage of USIB Material in the
Federal Records Center, Suitland, Maryland

1. The plans and specifications of an Archives facility to be constructed in Suitland, Maryland have been reviewed. The specifications cited for the two vaults in subject facility meet this Agency's requirements for the storage of classified material of the type indicated below.

2. It is understood that the material proposed for storage in this facility would be NIS and similar type USIB publications as well as OCR collected material from other USIB members. There would be no material bearing a classification higher than SECRET and no material with special sensitivity indicators.

3. It is further understood that the procedures and controls to be set up for the operation of this facility will be coordinated with, and subject to the approval of this Office. }
